

Trail Sentinel Duties

Expectations of a Trail Sentinel:

1. Complete, sign and submit an ODNR volunteer agreement found under Friends/Documents/Volunteer Agreements on our website www.flmsp.org.
2. Ride or walk the trail wearing a sentinel vest (or displaying the signs) and report findings and hours on the FL MSP website under Friends/ record hours. Let Sentinel leader know via email if there is an urgent safety issue that is not important enough to report on the Trail Hotline 513-212-6958 or emergency response 911 or for an enforcement issue at #ODNR. For example, for a tree or other debris blocking safe passage on the trail, call the Hotline, and mention the finding under description of work when reporting hours. Call 911 to report emergency issues needing a first responder. If there is something that might be a law enforcement issue, call/text #ODNR and report the issue and include that under "description" in your recording of hours. Photos are helpful when texting the Trail Hotline or #ODNR.
3. Offer to assist trail users if you can help. We are not allowed to administer first aid according to our insurance provider. But we can hand out, not apply, Band-Aids.
